

POSITION SUMMARY

Quality, Health, Safety, Security and Environment (QHSSE) Advisor provides key support to ensure all personnel comply with QHSSE Management Systems and reduce risks on the work site.

OBJECTIVE

- Comply with all QHSSE regulations, promote safe working practices and correct obvious hazards immediately or report them to the proper personnel.

OVERALL REQUIREMENTS

Can deliver continuous improvement of QHSSE performance through pro-active QHSSE leadership, relentless pursuit of adherence to policy and standards, exemplary personal discipline and behavior, and systematic review of effectiveness.

KEY RESPONSIBILITIES

- Advise shore base team on health, safety, security and environmental related issues.
- Assist in the implementation of QHSSE policies on the shore base in a culturally sensitive manner.
- Provide support to the department with the GYSBI QHSSE Management System.
- Assist Leadership to create appropriate positive workplace culture and awareness of QHSSE issues across the business.
- Generate an awareness of GYSBI QHSSE expectations at all staff levels.
- Provide support to the Department in assisting with the development and maintenance of QHSSE-related site standards to support management in discharging their responsibilities.
- Report QHSSE performance of the base as required.
- Other duties assigned relating to the job role.

QHSSE ADVISOR SHALL DEMONSTRATE

- A sound knowledge of own responsibilities in making GYSBI's QHSSE Management System live and effective.
- The importance of providing consistent personal leadership to influence the QHSSE behaviour and performance of GYSBI and/or contractor staff under his/her responsibility.
- A sound knowledge and consistent application of the tools and techniques (e.g., Observation & Intervention System, Life Saving Rules, S.L.A.M, Risk Assessment Method Statement, policies, procedures, standing orders, etc.,) used by GYSBI to build a positive QHSSE culture.

QUALIFICATIONS, EXPERIENCE & SKILLS

- Technical Certificate or Bachelor's Degree in any of the following fields Health, Safety, Environmental or a related field.
- Minimum of three (3) years continuous experience in QHSSE Advisor, Coordinator or related role.
- Previous experience with multi-discipline project support teams, experience working on major/mid-level civil/building work projects, or experience in a similar position.
- NEBOSH (International General Certificate) is preferred.
